The Graduating Class of 2023 Letter to the Administration

Dear Mr. Loprete, Mrs. Alonzo, and Dr. Daly,

The class of 2023 is feeling grateful, fulfilled and excited as we move on from the past four years of high school. With that said we have an abundance of thanks for our school community and more specifically, our administration. We could not have more gratitude towards all that you do for our students, faculty and community.

As we cross the path from past to future we are mindful of all that we have learned here in North Reading. As students we understand your commitment, long hours behind the scenes, and passion that makes this school system function, and function so well. Having leaders and role models such as yourselves has been critical to our growth and will allow us to become successful on our next journey.

The class of 2023 wants to personally thank you for supporting us in all of our extracurriculars, our sports seasons, our plays, our musicals, our performances and most importantly, our futures. Once a hornet, always a hornet!

Mr. Loprete: As our Principal, we adore your personality and sense of humor. You always have a smile on your face when you enter the classroom and have been approachable and relatable to our class. We want to thank you for our past four years here at NRHS. We commend how you always take a personal interest in our lives and have the ability to be yourself and joke around with us. Thank you for your presence at every event, staying late and for the very few times that we do not see your car in the parking lot. You are greatly admired, Mr. Loprete!

Mrs. Alonzo: As a class we would like to offer a very warm welcome to the NRHS community and your position as Assistant Principal. We are so inspired by your energy, your spirit and your immediate dedication to the faculty and students. It is no easy task to adjust from one school community to another, but we have been so lucky to watch you come into your role here and excel with passion and a wonderful attitude. You make us laugh, give us excellent advice and prove that you are here for our students. We wish you many years of happiness here, Mrs. Alonzo!

Dr. Daly: As our Superintendent, we appreciate that when you make decisions, you always keep what is best for us academically and developmentally at the front of your mind. We appreciate your calm and approachable attitude as you walk the halls as well as how you move our school in the right direction with intentionality. You inspire us with your innovative ideas and your motivation to make the district the best of its kind. We are lucky to have you, Dr. Daly!

CONGRATULATIONS RETIREES!

Anne Chambers and Barbara Fitzgerald,

The NRHS community would like to thank you for your many years of service, your love, and your compassion to our students, faculty and the NR community. You both have left a legacy with outstanding careers and we would like to thank you for the lasting contribution you've made to our school. Anne and Barbara, you have both been caring, friendly, and invaluable to the NRHS community and the school will absolutely look different without you. Both of you have not only made a major difference, but also touched a lot of lives along the way. Students and faculty alike are honored to have worked with you. We love all that you did for us, now go and do all that you love.

You Know You're From North Reading When...

You drive past Ocean State Job Lot, but never go in

You do circles around town when you're bored

There are water rings on the desks from people's morning coffees

The go-to chill spot is the Walmart parking lot

You go sledding on the Common every winter

The only time you're okay with square pizza is when it's from Captain's

You get excited when the cafeteria is serving chicken nuggets for lunch

You walked to Ryer's in middle school every Friday

You personally know a SoundCloud rapper

The highlight of your day is the bake sale

China Cuisine is a delicacy to you

The parking lot tests your friendships

You get out of breath walking up the stairs

Life is too short to wake up with regrets.
So love the people who treat you right.
Forgive the ones who don't and believe that everything happens for a reason.
If you get the chance, take it. If it changes your life, let it. Nobody said it would be easy, they just promised it would be worth it.

STORY OF THE YEAR

WAR IN UKRAINE

More than seven months after Russia invaded Ukraine, just days after Russia annexed parts of eastern and southern Ukraine, a blast attributed to Ukraine destroyed sections of a bridge connecting Russia to Crimea. In retaliation, Moscow missiles assaulted civilians in the heart of Kyiv and almost a dozen other cities, as the war in Ukraine raged on.

The war created shock waves that impacted the U.S. economy with fuel and grain shortages, increasing inflation and decreasing economic growth. U.S. tensions with Russia mounted as the U.S. imposed sanctions on Russia and the Chinese-Russian alliance solidified.

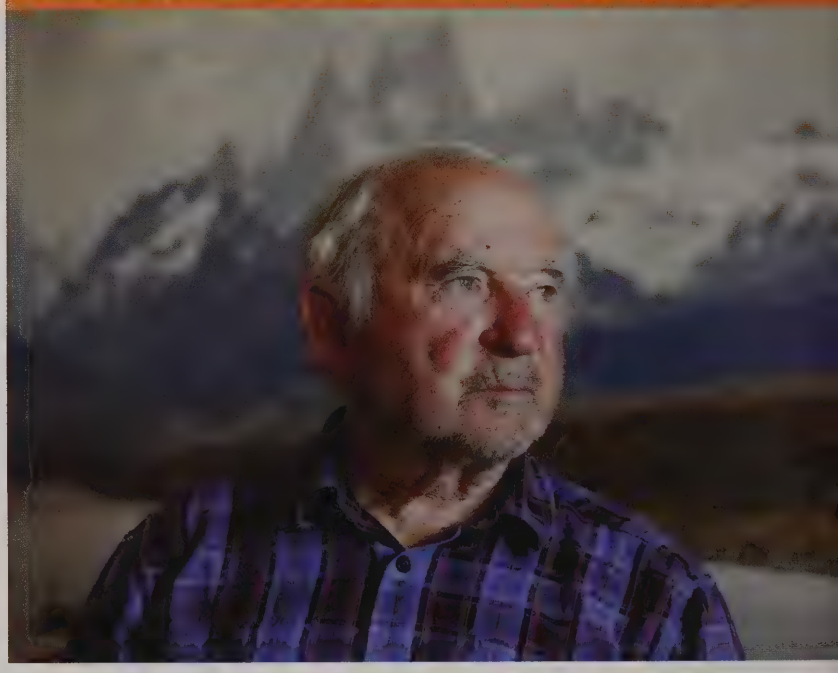
HEADLINES

POLICING POLIO

After polio paralyzed an unvaccinated New York man and the polio virus was discovered in wastewater in three counties, Kathy Hochul, New York governor, declared a state of emergency on September 9, 2022, to urge vaccinations. Once thought to be eliminated from the United States, the virus can cause paralysis and even death. The threat of polio followed a recent outbreak of the mpox virus.

FRIEND OF THE ENVIRONMENT

Patagonia, the outdoor gear company, captured attention in September 2022 when the company's founder and owner, Yvon Chouinard, transferred ownership of his family business to a trust and nonprofit dedicated to saving the planet. Chouinard's move will likely bring $100 million a year to combating climate change and preserving the planet.



QUEEN ELIZABETH II

After reigning 70 years as England's longest-serving monarch, Queen Elizabeth II died, leaving her son Prince Charles, age 73, to be king. Elizabeth became queen at age 25 and was crowned at age 27 in 1952. Her reign encompassed the leadership of 15 British prime ministers and decades of change, including England's transition from empire to commonwealth, the Cold War, and Britain joining – then exiting – the European Union.

SERVING THE COURT

On June 29, 2022, Judge Ketanji Brown Jackson, age 51, was sworn in as the first African American woman appointed to the Supreme Court in the 232 years since it was established. Serving as the 116th justice on the court, the Harvard College and Harvard Law School graduate was recognized for her knowledge of criminal law.

RELAXED REGULATIONS

In August 2022, after more than one million COVID-19 related deaths and two years of COVID-19 guidelines set by the Centers for Disease Control and Prevention, many schools and businesses ended contact tracing and stopped requiring unvaccinated people exposed to the virus to quarantine.

TAKEN BY STORM

Hurricane Ian buffeted Fort Myers, Florida on September 28, 2022, with torrential 150-mph winds and rain that destroyed homes and businesses across the state. The rare Category 4 hurricane and its storm surge took more than 100 lives, resulting in an estimated $57 billion in losses.

GEN Z VOTES

Gen Z showed up in the second-highest youth turnout rate for a midterm election in the last 30 years. Exit polls revealed that 27% of Americans ages 18–29 cast a ballot. Two-thirds of young voters voted for Democrats for the House of Representatives, compared to the majority of 45- to 65-year-olds, who voted Republican. 2022 was the first time Gen Z could run for Congress and Maxwell Frost, 25, was the first Gen Zer elected as House Representative.

QUIET QUITTING

More than two years after COVID-19 brought the world workforce to a halt, a growing number of Americans bristled at spending time at unsatisfying jobs. Dubbed "The Great Resignation," workers quit jobs in unprecedented numbers, with 4.2 million quitting in July 2022 alone. Even professions like teaching saw increased departures. By September, a poll showed that 33% of workers were contemplating leaving their jobs, while 60% were rethinking their careers. Others, especially Gen Zers, joined the TikTok trend, #quietquitting, by refusing to go above and beyond or subscribe to a hustle culture.

WALK IT OUT

Through a study of more than 6,000 adults, Vanderbilt University discovered that walking at least 8,200 steps a day lowered obesity, depression and sleep apnea. Walking also lowered the risk of developing type 2 diabetes, high blood pressure, dementia and death from cancer and heart disease. A speed of just under three miles per hour increased these benefits, and 11,000 steps a day was linked to reducing obesity.
